Mr. David Phillips
Engineering and Housing
Walter Reed Army Medical Center
Building 1, Room G-76
6825 16th Street
Washington, DC 20307-5001

Dear Mr. Phillips:

On June 8, 2005, I conducted an aerial detection survey for gypsy moth-caused tree defoliation at Walter Reed Army Medical Center, Forest Glenn and Glenn Haven sections of Walter Reed Army Medical Center. I am pleased to report that no defoliation was detected at, or in the vicinity of, your sites.

However, if you anticipate requesting financial or technical assistance for gypsy moth control in 2006, please contact Brad Onken (304) 285-1546 or me (304) 285-1555 before August 19, 2005.

Please contact me at the above number if you have any question regarding this aerial survey or survey letter.

Sincerely,

Rodney L. Whiteman
